

Project Development Phase Model Performance Test

Date	29-06-2026
Team ID	23A51A05H9
Project Name	Leave Approval System
Maximum Marks	10 Marks

Model Performance Testing:

Project team shall fill the following information in model performance testing template.

S.No.	Parameter	Values	Screenshot
1.	System Summary	Leave Approval System developed on ServiceNow. Users can select leave types, choose specific start and end dates, validate scheduling constraints automatically, route requests directly to assigned managers for approval, and receive real-time updates through multi-channel notifications.	
2.	Functional Accuracy	- Date Validation Enforcement – 100% - Approval Workflow Routing Accuracy – 100% - Notification & Email Delivery Accuracy – 95%	
3.	Performance Testing	Average Date Validation Response Time – Less than 1 second Average Workflow Processing & Routing Time – Less than 2 seconds Approval Status Sync & Notification Delivery Time – Less than 3 seconds	

4.	User Acceptance Testing	Users successfully completed leave requests, date validation checks, manager approval routing, and notification receipt without critical issues.	Number LR0001016 * Employee Kris Persson * Manager Jonathon Waldall
